General Comments

Clear and cool

- 0600 hrs I reviewed Bahjat's email summarizing Hinge A fabrication issues to be brought up during our meeting at XKT this morning.
- 0700 – 1000 hrs met with Gary Mathison, (General Manager at XKT), to discuss issues/concerns for fabricating Hinge K Expansion Joint components. The two main concerns were maintaining the flatness tolerance for the top plate of the channel assembly and to what flatness tolerance they will be held to for the bottom face of the deck plates.
- Generated a summary of the discussions
- Met with Karen Wang, Bill Casey, Bill Howe, Deanna Vilcheck, Paul Jefferson, and Chetan Sihra at different times throughout the afternoon and disseminated the aforementioned information. Later in the afternoon I informed Mike Whiteside and Ric Maggenti too.
- Continued my review of the bootleg of Submittal 884R11.

I accrued 2 hours of overtime covering the Contractor's hours and documenting the day's operations.
